ANTWERP HOLDS OUT AGAINST THE KRUPP GUNS.

WIND PLENTY OF MONEY FOR LOS ANGELES TRADE.

Chamber of Commerce Delegates See Signs of Prosperity on Trip North.

Optimism Rampant in the San Joaquin Valley, Crops Abundant, and the Merchants All Turn Toward the Southern Metropolis as the Natural Market to Make Their Purchases—Warm Greetings Everywhere.

BY RALPH C. BRADDOCK.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
OCTOBER 8, 1914.—Optimism is rampant in the San Joaquin Valley. It is as much in evidence as the sunshine which here warms the orchards and olive plantings in the shadow of the mountains. One of those behind the scenes of the valley, a project is now in hand to unite the commercial resources of the valley in a number of companies to Los Angeles in the near future. One of those behind the scenes is J. H. Dodds of the San Joaquin division of the Southern Railway.

San Joaquin Valley. "Our common interests are one with Los Angeles," said Mr. Dodds, "and we know each other better than we do." He is now on his way to Los Angeles on a trip to the Pacific Coast.

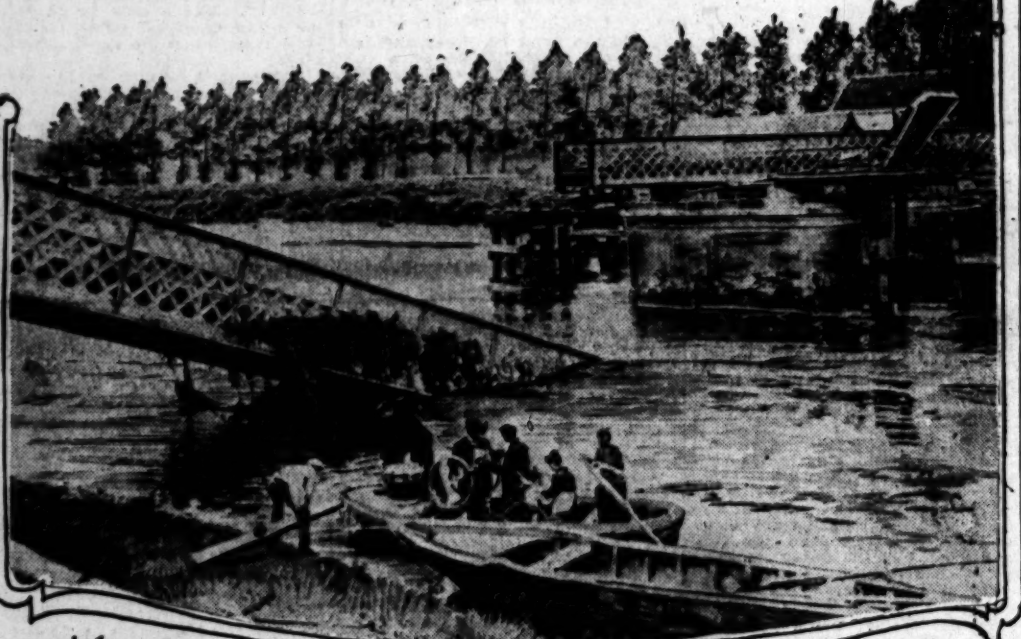

At Porterville, a committee made up of Mayor H. E. McQuinn, President J. H. Dodds, Jr., and Secretary J. H. Dodds, Jr., met with the Chamber of Commerce Delegates, Guy Knapp and Charles Boatman, W. H. Eastman and R. L. Holden, met the party and escorted it to the Airline. "We both have something to sell," said Mr. Dodds.

U. S. TROOPS ARE BARRICADED AGAINST MEXICANS AT NACO.

[BY A. P. NIGHT WIRE.]
NACO (Ariz.) Oct. 8.—Warlike preparations are being made in the American camp of the border patrol to protect the neutrality of the boundary.

The siege of Naco, Sonora, where Gen. Benjamin Hill is entrenched with his Carranza troops, by Gov. Maytorena, the Villa partisans, has for six days amounted to a practical bombardment of the American town. In addition to the pattern of rifle fire and the stream of machine-gun bullets directed here and charged to the ex-citable marksmanship of both sides, Col. Guilfoyle, Ninth United States Cavalry, states that at one time his troops were evidently mistaken for the enemy by both of the two fighting factions.

Barricades have been thrown up by the American troops and everywhere done for the protection of the boundary. A string of American flags now marks the international line. Col. C. A. P. Hatfield, Thirtieth United States Cavalry, who came from Douglas, Ariz., is in charge of the American troops, Col. Guilfoyle commanding the Ninth and Col. Brown the Tenth United States Cavalry.

The troops comprise about 1800 men, with a machine gun platoon. Further reinforcements are expected. Although the army men do not charge the remarkable amount of Mexican fire directed here to any other cause than had marksmanship, the citizens of Naco in some instances suggest there is malice in it. They cite the fact that after a sudden reversal of form in the Maytorena artillery, several shells today burst within a short distance of the boundary.

WILSON APPROVES COTTON POOL; MILLIONS TO RELIEVE PLANTERS.

[BY A. P. NIGHT WIRE.]
WASHINGTON, Oct. 8.—President Wilson believes that the mobilization of the credits of the country will suffice to solve the problem of the cotton growers. He told callers today that the organization of the Federal reserve system would help the cotton situation, and, referring to efforts to secure the issuance of more money to help cotton men, he said he believed there was plenty of money in the country, but that the difficulty was to get it to the growers.

There is no danger of a "cotton corner," in the President's opinion, through efforts of bankers to raise a pool of \$150,000,000 to be loaned to cotton planters. Subscriptions to the pool are sure to be so widely distributed, he said, as to eliminate the possibility. The President approves the plan for the pool.

The President believes it is impossible to meet the cotton situation fully because the war in Europe is responsible for it and the market for cotton will be restricted until the war is ended.

means of relieving the cotton crisis, were made public here tonight by business associates of Mr. Wade while he, with a delegation of St. Louis business men, was speeding toward Washington to participate in tomorrow's conference.

The statement prepared by Mr. Wade before his departure at noon today says it is expected that New York City will subscribe \$50,000,000 to the pool and perhaps more. St. Louis is expected to contribute \$7,500,000.

The loan fund is to be formed by subscriptions from national and State banks and trust companies, merchants and manufacturers throughout the country. The pool is to be managed by some large firm experienced in such matters.

Ferocity of the Great Battle of the Aisne and Oise Unabated.

Paris Confesses that the Situation is Stationary—Resumption of Heavy Fighting in the Eastern War Zone is Expected—Report that Bulgaria has Entered the Lists not Officially Confirmed.

[BY ATLANTIC CABLE AND A. P.]
LONDON, Oct. 8, 6:50 p.m.—The bombardment of Antwerp has been so violent that houses at Rosendaal, a Netherlands town more than twenty miles distant, have been visibly shaken, according to a telegram from that town to the Central News by way of Amsterdam.

Some wounded civilians have arrived at Rosendaal and the Dutch government has ordered all trains to proceed to that place to be held in readiness to transport the refugees and injured. Thousands of refugees have already arrived. Throughout the entire night, the message adds, a red glare illuminated the sky.

LONDON, Oct. 8, 10:10 p.m.—An official German dispatch received here tonight from Berlin by the Marconi Wireless Telegraph Company says:

"It is reported from Dutch sources that fierce fighting occurred yesterday in the Nethe district (province of Antwerp). The Germans approached in a northerly direction from Forts De Wavre and De Waelhem and commenced a bombardment of Antwerp from these positions. Early in the morning the shrapnel shells already had caused great damage in many places, showing that the investing force is close to the city. The whole of the Belgian field army has been concentrated in the district between Antwerp, Lierre (nine miles to the southeast of the city,) and the River Scheldt, in which area fighting is proceeding."

BERLIN.
WASHINGTON, Oct. 8.—The German Embassy today received the following wireless from Berlin: "Official headquarters say that the report of an advance of Russian forces across the Niemen River in the district of Suwalki, Russia, is a lie. The battle took place near Augustowo, where the Germans on October 1 and 2 completely defeated two Russian army corps, made 3500 unwounded prisoners and took twenty guns, one of which was a heavy battery gun, and a number of machine guns. (Here part of the message was lost in transmission.)

"On October 4 German troops threw a brigade of Russian rifle guards from a fortified position between Oppeln and Ostrowiec, in Russian Poland, and took 3000 prisoners and numerous guns and machine guns. On October 5 the Germans attacked near Rudow two and one-half Russian cavalry divisions and parts of the Ivangorod reserve and drove the Russian back on Ivangorod.

"Elsewhere (along the Russian front) the movement of German troops for strategic reasons has caused a lull in the fighting.

"In France we are gaining ground slowly, but surely, and the situation continues favorable. The battle front of the right wing has been extended until it is north of Arras, where our vanguard is in touch with the enemy's cavalry and the same west of Lille."

ANTWERP IS BURNING; GERMANS TAKE THIRD LINE.

[BY ATLANTIC CABLE AND A. P.]
LONDON, Oct. 9.—The bombardment of Antwerp has been terrible, says an Ostend dispatch to the Reuter Telegram company under date of Thursday.

"The Germans threw incendiary bombs," the dispatch adds, "with the result that many parts of the town between the railway station at the south and the Palace of Justice are in flames.

"It is rumored here that the Germans have been repulsed on the left bank of the river Nethe.

"A Taube aeroplane flew over Ostend at 4 o'clock this afternoon.

"Bergenhuys, a suburb of Antwerp, is burning."

A dispatch to the Exchange Telegraph company from Ostend dated Thursday says:

"The Germans have occupied the southeast semicircle of the third fortified line of Antwerp. The Belgians have made several sorties on the left bank of the Scheldt.

"The Belgian government is completely installed at Ostend."

THE BATTLE OF ANTWERP AS CRUX OF THE WAR.

[BY ATLANTIC CABLE AND A. P.]
LONDON, Oct. 8, 10 p.m.—While the immense armies of the belligerent powers of Europe are engaged in a death grapple along lines hundreds of miles in extent, in battles which for the numbers engaged, fierceness and stubbornness have no precedent in history, the intrepid little army of Belgium is making a last stand behind the forts of Antwerp, one of the strongest fortified positions in the world.

For the moment at least the struggle around the chief port of Belgium attracts the most attention, for the result of the engagement there must have a considerable effect on the bigger battle between the Anglo-French and German forces which now extends from the Swiss frontier across

NO STANDARD FOR ORANGES.

GROWERS WILL BE REQUESTED TO CEASE SHIPMENTS OF IMMATURE FRUIT.

WASHINGTON, Oct. 8.—G. Harold Powell, manager of the California Fruit Growers' Exchange, left today for Chicago after interviewing a number of government officials on matters of interest to the citrus fruit growers.

There will be no standard issued by the government this year for sweet oranges, said Mr. Powell before leaving. "But I have ascertained about what standard these department experts think should be established, and when I get back to Los Angeles about October 20, I shall ask the exchange to take up the question with a view to discouraging the shipment of immature fruit. We wish to do everything in our power to maintain a high standard even though the government adopts a mandatory ruling."

WILSON CROWNS LABOR UNIONS.

WALKING DELEGATE AND GRAFT ARE HIS ALLIES.

WASHINGTON, Oct. 8.—A. Haselbey, formerly first secretary of the Imperial Ottoman Embassy, has been made charge d'affaires in the absence of Ambassador A. Rustem Bey, who left New York for Turkey yesterday.

Although the Ambassador left Washington because of friction with the State Department over statements issued by the diplomat to the press, it is said he will resume his post on his return from his leave of absence.

The fact that the Turkish envoy planned his departure some time before the incident with the State Department and close relations existing between embassy officials and officers of an American shipbuilding company, has been construed by officials here to mean that Rustem Bey is directing a campaign for a greater Turkish navy.

The Ambassador protested against the sale of two American battleships to Greece and stated at the time that no matter what efforts to increase her navy might make, Turkey would outstrip her.

MORGAN'S WIDOW KNITS FOR TROOPS.

WOMEN FIND USEFUL WAY TO SPEND THEIR TIME ON VOYAGE HOME.

NEW YORK, Oct. 8.—Women passengers, including Mrs. J. P. Morgan, on the White Star liner Celtic, which arrived here today from Liverpool, spent many hours on the voyage knitting socks, jackets and mufflers for the soldiers.

Mrs. Morgan completed five pairs of socks, one jacket and two mufflers, and turned them over to the Celtic's purser upon the ship's arrival here.

The wool was sold to her and the others who knitted after they went aboard the Celtic in England, and the government will leave surplus of the wool to the Celtic's purser.

The merchant who sells Hart Schaffner & Marx clothes

You probably know who he is; the fact that he sells these clothes is one of the facts he wants to have known about his store

There is hardly a good town in the country where such a clothing merchant cannot be found; one sign of the progressive spirit in any town, large or small, is that there is such a merchant in it.

Generally speaking, the merchant who sells our clothes is the best in town; as a rule, the spirit of service to the public which goes into the making of the goods is an inspiration to the men who sell them.

The merchant who sells Hart Schaffner & Marx clothes wishes to guarantee the fullest satisfaction to his customers; he believes in good merchandise, liberal treatment and moderate profits. You may not only expect, but you will get these things of the merchant who sells our clothes.

Go and see him now; ask for our goods; let him show you what \$25 or more will do in clothes-buying. Our label in them is a small thing to look for, but a big thing to find.

MERCED CROWDS

GREET KNOWLAND.

DECLARES DEMOCRATS HAVE
FAILED TO REDUCE COST
OF LIVING.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
MERCED, Oct. 8.—Congressman Joseph R. Knowland, Republican nominee for United States Senator, addressed a crowded house at the El Capitan Hotel this evening. The meeting was called to order by Dr. H. Kyberg, chairman of the Republican County Committee. The Republicans in this section are most active. On his arrival here Congressman Knowland was the guest at a dinner given at the El Capitan Hotel and attended by fifty of the leading citizens of the county.

Mrs. Knowland also spoke at the night meeting, reviewing the attitude of the Democratic party on woman suffrage, telling of the refusal of the party to permit Congress to vote upon the question. In the course of his address tonight Congressman Knowland said: "In the Democratic national platform of 1912 the high cost of living was charged up to the Republican tariff. Taking this as their cue, Democratic orators clamored throughout the country promising to reduce the high cost of living. What has happened? After being in power for seventeen months have they reduced the cost of living? No, but they have reduced the balance of trade, they have reduced wages, while the cost of living, even before the war broke out, was soaring higher and higher. It is the record which no one can successfully dispute."

Congressman Knowland was met at Madera by S. F. B. Morse, member of the Executive Committee of the State Central Committee. Meetings were held at Madera and La Grande, which were well attended.

TRAVELING MEN FOR FREDERICKS.

DECLARE IT TIME TO REDEEM
THE STATE.

Those Who Know the Actual Business Conditions in California say the Election of the Republican Ticket is Necessary to Industrial Development and Advancement.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
SAN FRANCISCO BUREAU OF THE TIMES, Oct. 8.—At a meeting of the John D. Fredericks Commercial Travelers Club, which was held at the headquarters in the Foxcroft tonight, the Campaign Committee submitted a report showing that more than 2500 members have been enrolled since the organization of the club and that additional members are being secured at the rate of fifty a day.

According to Louis E. Peis, secretary, there are about 5000 commercial travelers in California, and it is expected that most of them will be actively working for Capt. Fredericks' election before the campaign is over.

The following resolution criticizing the Johnson administration and endorsing Fredericks was unanimously adopted:

Whereas, the prosperity of California demands a rest from legislative interference with the free flow of capital into California and the development of business enterprise; and
Whereas, business conditions call for a halt in the creation of tax burdens which have increased at an extravagant rate under the Johnson administration; and
Whereas, it would be for the best interests of all of the people and all of the industries of the State of California, to be relieved from the conditions which have hampered prosperity and progress during the past four years.

Be it resolved, that we as commercial travelers, representing every industry in the State, and having the welfare and prosperity of all of the people at heart, endorse and support the candidacy of John D. Fredericks for Governor of California.

SENATOR'S WIFE DECLARES AKOZ

CURED STUBBORN CASE OF ECZEMA

Mrs. A. L. Nelson, Los Angeles Visitor, Has Marvelous Recovery.

"I am enjoying my Western visit more than I anticipated, because during my stay in Los Angeles I have gotten rid of eczema, which for eight years has caused me much suffering. Akoz cured me." Thus spoke Mrs. A. L. Nelson, wife of Senator A. L. Nelson, an attorney of Rolette, North Dakota, who is visiting with friends at 1640 Shatto street, Los Angeles.

In her letter Mrs. Nelson tells of other results she obtained from Akoz: "For eight years I had eczema in a most disagreeable and aggravating form. Remedies I tried gave but temporary relief at most. In April, shortly after coming from my home to visit in Los Angeles I was told to try Akoz. I was skeptical, but to please a friend I started in on the treatment, using the external and internal preparation of the mineral. In a few days I noticed a great improvement. In a week or two the eczema began to disappear. Now it is gone and I am entirely cured. I am now rid of the trouble that caused me so much suffering, thanks to Akoz. It is marvelous."

"For years I have suffered more or less from rheumatism. Since taking Akoz I have not been bothered by any rheumatic pain. I used Akoz, after bathing in the salt water at Ocean Park, and its wonderful healing power prevented my shoulders and arms from burning and blistering."

"I will gladly give any information, personal or by letter, regarding my case and the good I obtained by the use of Akoz."

Akoz will be found as effective in treating stomach trouble, catarrh,

diabetes, Bright's disease and other ailments. For sale by all druggists, where further information may be had regarding this advertisement.

SENATOR E. E. GRANT, from the Nineteenth Senatorial District, in the recall election held here today, by a majority of 581 votes.

Senator Grant was the author of the Redlight Abatement Act, which will appear as a referendum measure on the November ballots. The authorship of this bill, Senator Grant asserts, was the basis for the attempt to unseat him.

The campaign for his recall, however, was waged on the charges that

Ex-Judge Gray Sizes up Situation Here and Issues Statement at Republican Headquarters in San Francisco—Bordwell Considers Judge Conrey Already Elected.

Ex-Judge Wheaton A. Gray of Los Angeles after a canvass of the local political situation has gone to San Francisco. Yesterday at the headquarters of the Republican State Central Committee in San Francisco, he issued a statement to the effect that Capt. Fredericks will have a majority of 80,000 votes south of the Tehachapi.

"Capt. Fredericks' fight in Los Angeles is looking splendid, indeed," said Ex-Judge Gray. "The captain's majority will reach or exceed 80,000 votes in Southern California. Both men and women are greatly interested in the success of the Republican ticket and are thoroughly prepared to get out the vote on election day."

"As a Republican I am confident that the Republican ticket will be elected by an overwhelming majority. I believe that Capt. Fredericks is going to receive practically the unanimous Republican vote, and also a great many Democratic votes."

"I have a letter from a very prominent attorney in Visalia, who has been a life-long Democrat, and he informs me that there are seven Democratic votes in his family, and all of them are going to be cast for Capt. Fredericks."

Judge Gray is going to appeal to the voters of Tulare and Kings counties on behalf of Capt. Fredericks. Joseph S. Knowland, candidate for United States Senator, and the whole Republican ticket.

UNIQUE METHOD.
TO ENLIGHTEN VOTERS.

RIVERSIDE, Oct. 8.—A unique method of informing the voter with reference to the forty-eight proposed statutes and constitutional amendments which are to be voted on at the November election, was provided in a resolution adopted by the Chamber of Commerce this morning.

The president was directed to appoint a non-partisan citizens' committee of nine, to be selected from the Republican, Progressive and Democratic parties, for the purpose of examining the proposed measures and reporting their recommendations.

The resolution calls attention to the fact that only a small percentage of the voters have been able to give the propositions any study, "thereby depriving the people of the right to make intelligent choice of laws and like wise making possible the passing of measures that may prove of great injury to a vast majority of the people of California."

"ALREADY ELECTED."
BORDWELL SURE OF CONREY.

"I returned to Los Angeles, after a month in the East, to discover that this special campaign has been prosecuted with the vigor that I consider Judge Conrey already elected to the office of presiding justice of the appellate court," said Ex-Judge Bordwell last night.

Ex-Judge Bordwell was made chairman of the Independent Conrey Committee, when the organization was formed by leading merchants, bankers and attorneys of this district. However, business called him from the city more than four weeks ago and he has just returned from his trip.

"Upon visiting our headquarters today, I was utterly amazed to discover the wide scope of work being prosecuted by the committee while the accomplishments have exceeded anything that I could have hoped for," he continued. "A month in a political campaign is a very brief period of time for effective work in the cause of a single candidate, where so many other nominees are actively engaged in electioneering also."

"However, the faithful workers who have been prosecuting this vital work during my absence have won adherents to the cause in such great number and have aroused the public throughout the entire district to such an extent that this candidacy is marked by a most peculiar individuality all its own."

"I returned to find that citizens

from all walks of life and of all political creeds have joined in this movement to such an extent that there can be no doubt in my mind that Judge Conrey will be returned to the high office he now occupies by a splendid majority.

"Not only are representative citizens of all sections volunteer leaders in their districts, but the women—hosts of them—are vying with the men in making votes for Judge Conrey. One of the most thorough campaigns it has ever been my privilege to witness, has swept Los Angeles in the brief period of a few days through the sole efforts of the women and their 'Conrey Day,' to be observed at homes or residential grounds throughout this district on October 16, must prove one of the most pretentious and effective single efforts ever made in this county for any candidate in the past."

"These enthusiastic volunteer organizations must impress one decisively that a vital issue of greater importance is before the people, that the voters here and elsewhere, will return Judge Conrey to the bench of the higher court already is an established fact."

LIVELY CAMPAIGN.
FOR CAPT. FREDERICKS.

SAN FRANCISCO, Oct. 8.—The Republican County Central Committee of San Diego is arranging an aggressive campaign in this county. The next big rally will be held Saturday evening at Escondido, when a large number of Republicans from this county will attend. A meeting will be held here October 17, when Congressman Knowland, nominee for United States Senator, will be the speaker, and on October 19 a meeting will be held at Ramona. There will also be two meetings in the largest halls in San Diego, when Hon. Frank Short, Hon. Samuel M. Shortridge, Congressman Knowland, Leslie M. Shaw and others will speak. County meetings will be held at Julian, La Mesa, National City, Chula Vista and other towns. Plans are going forward for a spectacular illuminated parade October 30. Banners and transparencies, fireworks and a glee club will make the parade and meeting on that night one of the old-fashioned campaign rallies.

The Fredericks Tours Club, which is now the Fredericks Republican Legion, is working hard in the campaign in the interest of Capt. Fredericks. Slides in the movies all over the county, pennants for automobiles and other forms of publicity for the gubernatorial candidate are being used by the legion. Marks P. Mosholder is county manager and E. L. Davis and Charles Forward assistant managers.

Capt. Fredericks is Gave by Leaders in North.

BY BUREAU MEMBERS.

THE TIMES, Oct. 9.—How the administration is forcing all employees of the State, whether in service or not, to pump up for Johnson's slush fund, was the subject of a meeting held last night.

Capt. Fredericks, who is the only one of the State's employees who has refused to contribute to the fund, was the center of the meeting. He was surrounded by a group of men, who were trying to persuade him to contribute.

"I was astonished when I found that the State's employees were being forced to contribute to the fund," said Capt. Fredericks. "I am not a member of the State's employees, and I am not going to contribute to the fund."

COUNTRY'S EYES ON THIS STATE.

CONGRESSMAN HOBSON SAYS ELECTION HERE WILL HAVE WIDE INFLUENCE.

Congressman Richard P. Hobson, hero of the Merrimac and advocate of national prohibition, is in Southern California on a lecture tour. He spoke yesterday at Redondo Beach and the Soldiers' Home, and last night in Ontario. He is registered at the Westminister. He will leave for San Francisco this morning, and after a speaking campaign in the northern part of the State will return to Los Angeles on the 25th inst. for a speech in this city.

"The action of California on the prohibition question at the November election will have a strong influence in deciding the question of national prohibition," Congressman Hobson said yesterday. "The whole country is watching the outcome in California with much interest, and the decision here on the liquor question will be a strong factor in deciding whether or not a constitutional amendment will be submitted to the nation at large."

A proposed amendment to the Constitution providing for national prohibition will be submitted to a vote in December. "If this great State votes 'dry' it will be used in the East as a powerful argument in favor of national prohibition," Congressman Hobson continued. "If the State goes 'wet' I believe that it will influence other States, which have not considered the subject to vote the same way. California has a mighty influence in the nation."

ARE YOU AMONG THEM?

Traveling Man Here Said to Know More Persons by Name than Any Other Man in the Country.

Several distinguishing traits are possessed by Elias H. Jenkins, a veteran commercial traveler registered in the Clark street directory, who knows more persons by name than any other man in the history of the country with the exception of the late James G. Blaine. He also is the champion writer of personal letters among traveling men, and he is known in every State of the Union as the "daddy" of the railroad business.

"When I went on the road thirty-five years ago I began making a special study of remembering names," Mr. Jenkins said yesterday at the Clark. "I make a written record of all of the names of people whom I wish to remember. Every night just before I go to sleep I review the names of the persons I have met during the day. By this method I fix them firmly in my mind. It has been a great aid in business."

"For many years I have written an average of a dozen personal letters a day. I do not dictate them to a stenographer, but write them in long-hand. I do most of my writing on the train between Los Angeles and San Francisco. I write letters daily to my wife, daughter, son, a brother and a sister and several others. I have kept up this practice for a long time."

Mr. Jenkins owns a plantation in Amite county, Mississippi. Most of the land has been planted to pecans. He calls his estate "Magnolia Farms," and expects to spend his last years there.

WANTED CERTAINTY.

W. Earle Barnhart of Barnhart Brothers & Spindler died August 1st, leaving an estate valued at \$40,000, of which \$22,500 is represented in 450 shares of the capital stock of the corporation. Letters of administration were granted to his mother, Mrs. Jessie E. Barnhart, of No. 125 South Orange Grove avenue, Pasadena.

Yesterday a will was filed which appears to have been overlooked. The petition for the probate of the will was filed by the mother, who is named executrix and sole heir.

Mother Stanislaus

Tells of Recovery

Neglected throat trouble, and continued cough and cold, often weaken the system. Investigative reports of recoveries brought about by Mother Stanislaus. Here is one: "Gentlemen—In February, 1911, four doctors examined my throat and pronounced the necessity of an operation. Having heard of Peaskeil, N. Y. Mother-house, of the Sisters of St. Francis, where I was visiting, of Beckmeier's Alternative, I determined as a last resort to try it. After taking four or five bottles large pieces of diseased tissue came away. I continued the Alternative, to my grateful and daily relief. In ten months I was restored to perfect health. I would like them to see and hear from my own lips. If they so desire, all I would say is: (Abbreviated.)

POURING ACID ON OLD JUNK.

Alleged Rags-Bottles-Sacks
Trust Under Fire.

Local Inquiry is Assuming
National Aspect.

Great Western Company said
to be a Monopoly.

The question whether there is a national junk trust, with Pacific Coast headquarters, operating in violation of the provision of the Sherman anti-trust law, has reached Washington.

Months ago an investigation of the Los Angeles phase of the matter was conducted by Special Agent Bowen of the Department of Justice. His findings were submitted to the Washington officials with similar reports from San Francisco, St. Louis, Seattle, Vancouver and other places where the subsidiary companies of the Great Western Smelting and Refining Company are located. They are now being the Attorney-General for action.

The local complaint, upon which was based the activities of the special agent and the District Attorney, was founded on the allegations of a bill filed in the United States District Court by Philip Senebier against the Great Western Smelting and Refining Company, Charles Harley Company, R. Rosenberg Company, Joseph Rosenberg, Aaron Alper, Abraham Glant, David Blum, Joseph Mathis and S. Bauman, praying for a judgment against the defendants in the sum of \$25,000 for alleged interference in the management of the affairs of the Philip Senebier Company.

The Great Western Smelting and Refining Company has branches in Chicago, San Francisco, Portland, Los Angeles, Seattle, Vancouver and St. Louis, and is largely engaged in the purchase of metal goods, rubber, bottles, rags, sacks, etc. It is a Maine corporation.

It is alleged by the government that the corporation was organized to control the junk market throughout the United States, either directly or indirectly, either through branches of the corporation located at various places in the United States, or through subsidiary and affiliated companies organized for that purpose. It is also alleged that all the companies mentioned with the exception of the Great Western Smelting and Refining Company, were organized as subsidiary companies to the Great Western Smelting and Refining Company.

It is also charged that the Great Western Smelting and Refining Company now does and at all times has controlled and dominated the policy and business of the subsidiary companies as fully as if the subsidiary companies were its actual branches. It is also alleged that the Great Western Smelting and Refining Company has organized subsidiary companies through its own stockholders or members or purchased controlling interests in corporations already organized, and among corporations so purchased or controlled, the Charles Harley Company, and the R. Rosenberg Company, San Francisco; Philip Senebier Company, Los Angeles; and the G. Mathis Iron and Metal Company, St. Louis, are mentioned.

It is also asserted that in September, 1909, at the instance of Aaron Alper, acting for the Great Western company, and Abraham Glant, acting for that corporation through the Philip Senebier Company, the latter induced Philip Senebier to organize the Philip Senebier Company. It is understood, while no statements can be secured from the local officials, that important developments and information have been secured here in regard to the alleged operations of the "junk trust." It is also believed that Los Angeles will be the storm center of the legal battle that will follow, if the Attorney-General following the recommendations that have been made to him, orders the beginning of the suits to dissolve the alleged trust.

It is also a part of the local developments that testimony has been secured strongly incriminating the position of the government on the point of the existence of a combination in restraint of trade and that the claim of the absolute domination of that combination both in the matter of fixing prices for junk, as well as dictating how it shall be disposed of, will be thoroughly established.

The beginning of the investigation dates back to the complaint filed by Philip Senebier, following the sale of his business to the alleged representatives of the Great Western Smelting and Refining Company and their alleged mistreatment of him following the closing of the deal that turned the establishment over to the "trust."

LOOKS BAD FOR THEM.
Alleged Smugglers Given Sackback by Ruling of Federal Judge Regarding Testimony.

The defense in the O'Banion-Kirby by smuggling case, suffered a severe reverse yesterday in the United States District Court. Judge Welborn overruled the motion of Paul W. Schenck that the testimony of John Osterhaus, subsequent to the landing of the fifteen Chinese at Sunset Beach, on the night of May 22, 1911, be excluded from the jury.

It is alleged Osterhaus made trips for the defendants to Monterey Bay and San Francisco, after the Sunset Beach trip, that resulted in the first trial of O'Banion and Kirby, and a mistrial. The alibi that Kirby furnished in the Sunset Beach affair will hardly serve him in either the Monterey or San Francisco cases.

It was claimed that when Osterhaus and another were paid off by O'Banion and Kirby for making the landing at Sunset Beach the conspiracy was consummated, and that it was not competent to bring out any further evidence, leaving the prosecution of the defendants to the single act at Sunset Beach.

Osterhaus detailed the trips to Monterey Bay and San Francisco and the part that he alleged O'Banion and Kirby played in both affairs. The agreement entered into at the Tourist Hotel, San Pedro, provided that Osterhaus was to be paid \$125 each for every Chinese safely landed in the north. He said he was paid \$100 for each of the yellow men put ashore at Sunset Beach.

ONE of the handsomely-appointed parties of yesterday was the luncheon presided over at Hotel Clark by Mrs. Charles William Siler, No. 311 North Commonwealth avenue, followed by a box party at the Morocco. Gold monogrammed standing cards tied with butterfly bows of tulle ribbon, marked covers for the hostess, Mrs. Frank Ford, Mrs. James Wilkinson, Mrs. Fred Charles, Mrs. Frank Burns (the latter four of Pomona.) Mrs. Edwin Stoddard, Mrs. Will Stoddard and Miss Jeannette Beaver.

She carried a huge bouquet of bridal roses and lilies of the valley, and was given away by her brother, while the groom had as his best man Daniel Potter.

There were present, besides the immediate family, about three score of the intimate friends of the young couple.

GREET LIGHTS WITH RED FIRE.

HOLLYWOOD READY FOR BIG PARADE AND CARNIVAL.

Film Companies Join in with Business Men for Spectacular Pageant and Costume Festival to Mark Turning on of First Cluster Street Lights.

The business men of Hollywood, together with the Universal Film Company, have arranged for a parade and carnival to be staged in the suburban city this evening to celebrate the turning on of the first cluster lights in Hollywood, the beginning of many blocks of south lights to soon adorn the main boulevard.

The festivities will start with a spectacular parade, leaving Highland and Franklin avenues promptly at 6:30 o'clock, proceeding south to Hollywood boulevard, thence east to Vine street. More than 125 entries have been made, including unique and floral floats put on by the merchants, school and athletic clubs, and private automobiles handsomely decorated. The first division of the parade, led by Grand Marshal Isadore Bernstein and his aides, G. G. Greenwood and C. C. Hall, will consist of one band and several decorated floats. The second division will consist of a motorcade of floats, the cavalry and exhibits from the Universal ranch, and the third division will include a clear-away sale. It just happened that on the very same day some one told me of an incident which proved that the illustration given by my half-carpenter yet wholly complimentary eastern friend was not far amiss.

BY OLIVE GRAY.

THE GOOD HOUSEKEEPER'S HINT: I saw recently in one of the popular grocery houses where utensils for the home are kept, a set of kettles covers of enamel, with a hook attached to one side for hanging up these always problematic articles. I wondered why some one had not thought of this before, as the stowing away of kettle covers is always a question difficult of solution.

"I never saw such a place as Los Angeles!" exclaimed a woman recently arrived from the East. "Why, even the garbage man here may know the cathedrals of Europe or may be able to tell you the difference between jade and its most clever imitation!"

city, there is always something new and interesting in the way of accessories of women's dress, and it was there that I first saw the costume of crystal set with brilliantia. The crystal is that opaque sort which has recently come into use in jewelry where it is employed as a paving for fine gems. I think it even more lovely as used in combs than in the smaller articles.

For His.

This item, let me hasten to say, is of interest to men. It is about the new trousers presser, so of course, it is. When you think of this subject I am sure a vision arises of some intricate and impossible arrangement which wives buy and bring home to husbands as the solution of all their troubles; but this time it is really a practical appliance. It is so simple that even a man can easily learn to use it and there is positively nothing to get out of order. It is a paste-board sort of bag, into which the trousers are thrust; the clamps at the sides of the bag are pressed down and the bag is folded over—this is to do away with the bag at the knees of the trousers, but not to do away with the trousers bag. You leave the trousers over night and in the morning behold, a well-pressed and properly pressed pair. The cost is so small for this new trousers presser that one could—I mean a man could—afford to have several. In the household basement of that big store on South Broadway.

Under Cover.

And not only under cover, but easily poured. The morning cream, I am speaking about. By the use of that new milk bottle cover, which is at the same time a spout, you may instantly turn your morning milk bottle into a cream pitcher, and moreover, a covered cream pitcher. The cleverest little contrivance placed on the market in many a moon, I call this.

What Fashion Has Selected.

Many of the new fashions are embroidered with gold and colored threads. All kinds of gold laces and tassels give the season's fashions a note of richness. Full tunic frocks with wide hip flares are all the rage, both for girls and women. The new long Russian coats not only flare around the foot, but are long waisted. A foreign model was made with skirt of blue-and-white-striped silk and blue of the same material called "opaline" sequins, which give the effect of mother of pearl, are seen on evening gowns. Very soft silk, with a bit of mill-

The Theaters.

Every building, makes a charming blouse for a young girl. Children's hats are frequently of the mushroom shape, and are made with velvet crowns. Most evening costumes show the hair dressed so close to the head as to give a certain severity of outline. Long-haired cream-colored dresses are used for evening wraps with broad crepe in vivid colors. Wine-colored velvet, with buttons embroidered with the same material, is used for evening dresses. A charming evening frock is shown of gold lace over a white slip, with a black velvet paper dark note.

MANY TEACHERS TO GET NO PAY

WARRANTS OF NEARLY TWO HUNDRED IN CITY SCHOOLS NOT APPROVED.

Today is pay day for the 1100 school teachers, but there were many disappointments. Some who got their pay at all, and others who got it until this afternoon.

County Superintendent Kopp refused to approve the warrants of 280 teachers in the D-1 grade on ground that they are drawn in violation of the Political Code. He declared that teachers of the highest grade in the classroom should be paid.

The 280 whose warrants have been turned down are paid on a schedule beginning at \$700 a month and ending at a maximum of \$1150 a month. There are 250 teachers who are under various heads, designated "special teachers" and are being paid on a schedule that begins at \$700 and reaches a maximum of \$1150.

The County Superintendent holds all should be on the same schedule. The amount involved is \$125,000. The total pay roll amounts to \$900, the largest ever paid to school department, and the balance of \$125,000 is being paid to the County Superintendent.

ATHLETICS AND BRAVES READY FOR BATTLE.

BRAVES LIABLE TO RUN AMUCK.

Do not Figure to Win, but Might Anyway.

Shattered All Precedent in National League.

Athletics Outclass Them in Most Departments.

BY HARRY A. WILLIAMS.

Weather permitting, there will be enjoyable doings in dear old Philly today.

As there have already been a million columns of bull con written regarding the impending great series, another column cannot do any great damage.

OLD STUFF.

All the wise men of the country have expressed themselves at great length, always admitting in the last paragraph that they haven't the slightest idea which club will win.

A lot of us, who are not so wise, are in the same fix. Otherwise we would have hooked the household furniture long before this.

It is this delightful uncertainty, this perpetual groping in the dark, that gives baseball its charm.

All of the experts—meaning young men who hammer a broken down typewriter for a meagre salary ranging from \$10 to \$15 a week—are agreed on one thing.

PREDICTION.

That is, that Philadelphia should win, but may not.

Meaning that the Athletics have the class on paper, but that the vagaries of the game may give the series to Boston.

The writer recently expressed the opinion that the Braves might win on pure "guts."

A Boston scribe sees the possibility of a psychological triumph for the Braves, which is the same thing when translated into the language which is spoken in the East.

THE PROBLEM.

Admitting that the Braves are outclassed collectively speaking, if Rudolph, James and Tyler are really as good as they appeared when pitching to National League batsmen, the Braves will stand a fine chance. But none of them has been called on to face an attack equal to that of the Athletics.

Confessing that Gowdy is the most improved catcher in the National League, the Braves are outclassed when it comes to first string catchers, as Schang is now rated as the best backstop in either league. There, however, the advantage would seem to end in that department, as the percentages show Whaling to have the edge on Lapp in both hitting and fielding, although he lacks the seasoning of the Philadelphia catcher.

STUFFY GOOD.

At first base there appears to be but little room for comparison. McInnis is the best first sacker in the American League, and Schmidt does not hold that title in the National.

Baker at third for the Athletics and Deal in that position for Boston. Nuff said.

Around the keystone sack the teams are fairly evenly matched. Maranville seems to have the edge on Barry, and Collins a shade on Evers.

OUTFIELD.

The slugging Mr. Connolly seems to overshadow anything in the Athletic outfield, but when collectively considered, Boston has nothing on Philadelphia in that department.

The Athletics are not an improved club. They are certainly no better than the team which crushed the Cubs in 1910. McInnis is an improvement over the Harry Davis of that year. But surely Murphy, Jimmy Walsh, Amos Strunk and Rube Oldring, are hardly the equals of the Oidring, the Dandy Murphy and the Brian Lord of four years ago. Jack Combs, the "iron man" of 1910, also is missing. Schang, however, is an improvement over Thomas, who

WOLVERTON FIRES 'EM.

SAN FRANCISCO, Oct. 8.—Manager Harry Wolverton of the Mission Baseball Club announced today that he had granted unconditional release to Pitcher Stanley, Infielder Al Cook and Outfielder Bert Coy.

The releases were given, according to Wolverton, in order to cut down the club expenses.

RENO (Nev.) Oct. 8.—The Oakland club of the Pacific Coast League has signed Harry Sampson, a full-blooded Plute Indian, and a graduate of the Stewart Indian School at Carson City, as a pitcher.

Sampson is 18 years old, weighs 150 pounds, throws and bats right-handed and is cross-eyed. Although he has terrific speed, it is said his infirmity is his greatest asset. The base runner is at his mercy, for he can never tell whether the Indian is looking at first base or at home plate. The umpires have also been having their troubles.

THE DOPE.

Now comes the real football season. U.S.C. and Redlands University clash on Harvard Field tomorrow, while Occidental and the L.A.A.C. clash on the old Occidental field out at Highland Park. These two games are almost of equal importance. The first introduces the intercollegiate season, the other the 1913-14 American football championships of California.

Of the two, the Harvard Field game, will be the hardest fought and on hope is the most uncertain. The Baptists are an unknown quantity. Last fall they held Pomona to a draw and gave the Tigers a scare. They claim to be much stronger this year. Their 27-to-0 defeat of the Santa Fe shop team of San Bernardino bears out their contention.

The Occidental-L.A.A.C. game will give the fans their first line on the Tigers—the most discussed and feared team in the south. Among the players, Coach Pipa's variety of veterans is as much the rage as the Trojans are the talk among the fans. The public has been asking, "What will the Trojans do?"

What can we do against the Trojans? Around the Trojans swings the football season.

TROJANS STRONG.

It will be a formidable team that the Trojans will send against the Baptists. It will not be the crude playing line of the L.A.A.C. C. 20 to 0. For two weeks Coach Glase has been driving the Trojans at top speed. Three nights a week he has sent them through the roughest of scrimmages with the U.S.C. freshmen and clubmen. Two nights a week he has drilled them on the orange grove country. The Baptists drilled them on secret signal practice. The play of the Trojans will be more finished tomorrow and a real line can be obtained on them.

Redlands plays a wide open game. That much has seeped down from the orange grove country. The Baptists use the wide sweeping end runs, the forward pass and fake attacks. They have a heavy line and a light fast backfield. Usually the two go well together.

STRAIGHT STUFF.

The Trojans have a number of trick plays under their hats. But if Coach Glase can win on straight football, he will use that type only. But if the fight gets so hot that the straight play will not carry the day, the Trojans will open up. Unless the Baptists are greatly over-estimated, the Trojans will open up.

It should be an interesting game from the outsiders' viewpoints and exciting one from the Trojans' rooters'. It will be a real fight, a regular game, with its crashing masses and scattering end runs.

CANT TELL.

Just what the Trojans will do, is uncertain. That they will defeat the clubmen seems a certainty. In practice the Trojans have been going at it all right. Although they have not been practicing long, they are all veterans and started without any delay.

Wiemann, Kirkpatrick and Jones will be missed. Kirkpatrick and Wiemann were in the game every minute of the old fall. Although they were on it, they were the great offensive end in the south. W-

TIGERS LOSE TOUGH GAME.

Fatal Error and Bum Umpiring Too Much.

Seven Pitchers in Ten-inning Conflict.

Second Game is Called on Account of Darkness.

BY HARRY A. WILLIAMS.

In addition to the other well-known horrors of war, the Tigers and Braves tried to put over a double-header yesterday, but couldn't quite make the rifle.

They played one over-grown game, and then a little dinky one, but the latter didn't count, and they will have to try it over again.

WHAT—AGAIN?
Portland took the first, 3 to 7, after ten innings of hard hitting and bum umpiring. The second was called at the end of the fifth inning because of lack of daylight, with the count 9 to 0.

The frontispiece was a thing of horror and if anything like it is attempted again, a lot of our best people will move to Antwerp in search of peace and quiet.

However, the real nuts seemed to enjoy it immensely, as it was lumpy with excitement. It consisted almost entirely of furious attacks and equally furious counter-attacks, with neither side able to gain a permanent advantage until Evans Evans, a mere pitcher, popped a Cack Henley slant on the nose for three bases and the winning run in the tenth.

WOOTZ.
Prior to that, the score had been (Continued on Fourth Page.)

Last fall they held Pomona to a draw and gave the Tigers a scare. They claim to be much stronger this year. Their 27-to-0 defeat of the Santa Fe shop team of San Bernardino bears out their contention.

The Occidental-L.A.A.C. game will give the fans their first line on the Tigers—the most discussed and feared team in the south. Among the players, Coach Pipa's variety of veterans is as much the rage as the Trojans are the talk among the fans. The public has been asking, "What will the Trojans do?"

What can we do against the Trojans? Around the Trojans swings the football season.

TROJANS STRONG.

It will be a formidable team that the Trojans will send against the Baptists. It will not be the crude playing line of the L.A.A.C. C. 20 to 0. For two weeks Coach Glase has been driving the Trojans at top speed. Three nights a week he has sent them through the roughest of scrimmages with the U.S.C. freshmen and clubmen. Two nights a week he has drilled them on the orange grove country. The Baptists drilled them on secret signal practice. The play of the Trojans will be more finished tomorrow and a real line can be obtained on them.

Redlands plays a wide open game. That much has seeped down from the orange grove country. The Baptists use the wide sweeping end runs, the forward pass and fake attacks. They have a heavy line and a light fast backfield. Usually the two go well together.

STRAIGHT STUFF.

The Trojans have a number of trick plays under their hats. But if Coach Glase can win on straight football, he will use that type only. But if the fight gets so hot that the straight play will not carry the day, the Trojans will open up. Unless the Baptists are greatly over-estimated, the Trojans will open up.

It should be an interesting game from the outsiders' viewpoints and exciting one from the Trojans' rooters'. It will be a real fight, a regular game, with its crashing masses and scattering end runs.

CANT TELL.

Just what the Trojans will do, is uncertain. That they will defeat the clubmen seems a certainty. In practice the Trojans have been going at it all right. Although they have not been practicing long, they are all veterans and started without any delay.

Wiemann, Kirkpatrick and Jones will be missed. Kirkpatrick and Wiemann were in the game every minute of the old fall. Although they were on it, they were the great offensive end in the south. W-

Chief Bender (above) and Dick Rudolph. Probable choices to pitch the opening game of the world's series today for their respective teams. Bender has opened every world's series in which the Athletics have taken part, while Rudolph's work has been the season ticket of the National League this season.

Blood on the Moon.

WORLD'S SERIES BULLETINS SOUND LIKE WAR NEWS.

(BY A. P. NIGHT WIRE.)

PHILADELPHIA, Oct. 8.—Unless all signs fail, the world's series of 1914 will be modeled along the lines of the great European war. The spirit of brotherly love for which the Quaker city is noted, appears to have been crowded into the background. The struggle for the premier baseball honors of the universe opened with a campaign of threats that read like bulletins from the foreign war zone.

THE THREAT.

Manager Stallings of the Boston Nationals threatened to punch Connie Mack of the world's champion Athletics on the nose; Director Porter of the department of public safety threatened to investigate ticket graft scandals; the National Commission received an alleged shortage of pasteboards, and to cap the climax, the weather man threatens rain for tomorrow, the day upon which the American and National League pennant winners are scheduled to open the series at Shibe Park in this city.

Not since the memorable struggle between the Philadelphia Americans and the New York Nationals in 1911 has this city been so stirred by baseball conflict. Both the visitors and their thousands of followers appeared to take the coming contests with unusual seriousness, and it is certain that every game of the series will be fought hard.

BATTLE SPIRIT.

The spirit of battle and the absence of quarters were noticeable throughout Philadelphia tonight. Every hotel was crowded.

The demand for admission coupons to Shibe Park was not up to the usual standard this season. Local fans have been augmented by special delegations from Boston, New York, Baltimore and Washington.

IN THE AIR.

Baseball and its many ramifications is the sole topic of conversation tonight. Statements and denials issued from the camps of the rival clubs help to keep interest keyed up to an unusual pitch. This is especially true of the controversy between the two club managers regarding the use of Shibe Park for practice today.

Manager Stallings of the Boston Nationals accused Connie Mack of the Philadelphia Americans of unsportsmanlike conduct and during a telephone conversation this afternoon threatened to punch the world's champions' leader on the nose at the first opportunity. The first trouble arose over Stallings' request for the use of Shibe Park for practice. He made the request to Mack in person and the Athletics manager assured him he was welcome to use the park at any hour except between 2 o'clock and 3 o'clock this afternoon, when the place of Red Smith, who broke his leg in Brooklyn on Tuesday, the Boston club will take the field in the order in which it played during the closing weeks of the National League season.

MINNIS O. K.

Every member of the Athletics machine is ready to defend the championship won in the series against the New York Giants last autumn. First baseman McInnis, who recently bruised his hand, reported in perfect condition for practice today and said he was perfectly fit.

The players and managers of both clubs professed confidence in their ability to win. Manager Stallings appeared to be bubbling over with enthusiasm and predicted that his club would surprise the Athletics. Connie Mack maintained his usual reserve and refused to forecast the result.

BIG FAVORITE.

In the general wagering the local club is a heavy favorite. Few bets have been recorded, but in the small ones the Athletics have been quoted at odds ranging from 2 to 1 to 10 to 1. The general opinion is that the series will be won in either five or six games.

Philadelphia betters offer 10 to 1 that the Braves will not win four straight; 5 to 4 that the Athletics will win the opening contest; 5 to 3 that Boston will not win more than two games, and even money that the Athletics will score more shut-outs than the National League representatives.

Local sporting men claim that there is less betting on the general result than in any series in recent years.

While the National Commission members and out-of-town managers were complaining tonight that their allotments of seats had been cut down

IN GRACE KINGLEY

Treasurer Charles H. Brown of the Hippodrome, reached Los Angeles from San Francisco yesterday morning and left for the East on the 1 o'clock train to consummate one of the biggest and most unique vaudeville deals which has been pulled off since the inauguration of the three-day.

He is going to line up the eight or ten theaters from coast to coast, which boast the largest stages in the country, and the new combine will book big features and thrillers which only these few giant stages can accommodate.

Lined up to form the nucleus of the new combine are the Hippodromes in Los Angeles, Kansas City, St. Louis, Chicago and New York, and in order to break the jump between Kansas City and Los Angeles, Mr. Brown is dickering with the city of Denver for the huge auditorium there, which the city owns.

While in New York, Mr. Brown will book acts for the Western States Vaudeville Association, as well as clean up the combine deal with the New York Hippodrome.

One can get some idea of the sort of acts which the new combine will handle when it is realized that the stages of the local Hippodrome is 136 feet wide, seventy-five feet deep, with an arch 50 feet high. The tank will be utilized for spectacular effects, and big animal acts will be a specialty.

New Staff.

When Selma Paley, moves into her new role in "Fine Feather," she will also move into a lot of new gowns. Some of them are imported, and the rest were made by the imported dressmaker, Mme. Keeler, who built those dreams of gowns for "Let's Get Married." There are to be a pink crepe de chine and black velvet, a white charmeuse and lace, a brown auto coat with a fur collar, a blue and green chiffon velvet, trimmed in crystal beads, and a beautiful lace-trimmed turquoise negligee.

With all these gorgeous gowns won't our Selma Paley be the most beautiful leading lady ever in captivity?

Always Ready.

Beatrice Nichols and Thomas McLane of the Burbank, are in receipt of a standing invitation from Holbrook Blinn to become a part of the Princess Players' organization in New York. However, they probably will not accept, as it is whispered Mr. Nichols has something special in view for them. Besides they are much devoted to the genial manager.

Going Up.

Mr. and Mrs. McLane are to have a vacation in the course of a week or two, when they will go to San Francisco for a month.

Both Sides.

Walter Catlett of the Burbank company, is a close friend of both Capt. Beresford (Kitty Gordon's husband,) and Gustav Werner. Now Beresford and Werner are fighting on opposite sides in the war, and Mr. Catlett has received stirring letters from both of them.

On His Way.

Morgan Wallace, former director at the Keystones, leaves for New York in a few days to organize a moving picture company in that city.

Chance for Fame.

Florence Oberie is to play the flashy Mrs. Collins in "Fine Feather," and when not rehearsing is go-

ing about town looking for talkative clothes.

Some Fan.

Jess Dandy, at the Morocco, is a great baseball fan. He never has time to see actual ones, but he says nothing shall keep him from seeing that long-distance world series at the Majestic, next week. Somebody invited him to make a speech at luncheon, at a well-known club, next Tuesday.

But he said, "Nirvis on the cats for me! I'm going to take a bag of peanuts and an ice-cream cone and camp at the Majestic till matinee time!"

To Travel.

Mr. Dandy will probably go to Boston, this winter, to play in a Savage musical comedy. The piece in which he will appear has for its plot the story of a Yankee movie-picture manager who goes to Bavaria to stir up war in order to get moving pictures thereof.

One on Walter.

Walter Lawrence, the fascinating leading man in "Let's Get Married," told a good story on himself.

"You seldom see an Irishman begging, do you? Well, crowd of us were over at Levy's, the other night, and an Irishman walked in, spotted me, and came over. 'Say, mister, I want the price of a pipe,' he said. 'Owly tin clint, sir! I just fell and broke mine!'

"'None of us were wearing our purses in a sling, that night, so we gave that Irishman a silver shower that amounted to a dollar and a half. At that he said, 'Wikey mind, sir, did I take a seat and order a drink off that dollar and a half? Why, certainly not.' We told him. After he had had his drink, he calmly pulled out a pipe and proceeded to light it. I walked over to him.

"'Thought you hadn't any pipe!' I cried.

"'Sh—sh, be calm and decomposed, can't ye?' replied the knave, 'Oim jist like the rest of 'y actors, always havin' to think up new stuff!'

Not in the Market.

Mr. Tally wants it understood he isn't just buying a new theater every morning before breakfast. He's merely putting in his Paramount pictures at several different theaters, otherwise the proprietorship of the theaters remained the same.

He says he'd like to buy all the ushers and stenos and press agents and office boys and theater chambermaids who are making applications for jobs, but hasn't the authority, under the circumstances.

"Let's News.

Jack Lait, author of the Oliver Morosco success, "Help Wanted," and at present advance representative of the famous Scotch comedian, Harry Lauder, left Los Angeles yesterday after a brief visit. He is headed for Salt Lake. Lait will return in January, and will write a play at that time for Manager Morosco, in which Nat Goodwin will appear. The play is to be called "The Scotchman."

Dispatches from the war zone in Europe state that the Scotch and English troops are going into battle to the tune of many of Lauder's songs.

Hot Air Note.

Tom Mix is one of the best cowboy representatives that ever looked a movie camera in the eye. He despises fake and will go as near to sincerely breaking his neck in order to be realistic as any man that has not yet been jerked into oblivion.

Tom appeared in person last night at Cluett's Broadway, and explained why he takes chances to put the real in realism.

A Late Start.

Today the film entertainment, "The Spoilers," at Cluett's Auditorium, will be delayed until 1 o'clock, owing to the world's championship baseball series.

Daily's Choice.

"As between the Athletics and the Braves," declared Arnold Daly, at the Orpheum yesterday, "I have no special choice. But if the Giants were only playing, now—"

BASEBALL AUTHOR GIVES
BLEACHER PARTY TO FANS.

CHARLEY VAN LOAN, the writer of baseball fiction, is going to preserve for posterity the fame of all the baseball "bugs" in Los Angeles.

The Hobart Bosworth Moving Picture Company is producing a film version of Van Loan's baseball story, "Little Sunset." This will be one of the first baseball stories ever put on the screen. One of the scenes shows the bleachers full of yelling fans. Van Loan conceived the idea of using

real and well-known fans for this scene instead of extras. Wherefore, he will give a party Saturday morning to all the regulars who have been rooting their heads off this season.

He has invited them to meet him Saturday morning at the baseball park at 10 o'clock. Moving pictures will be taken of the guests; luncheon will be served and the returns from the world series will be served with the sandwiches. The guests will remain over for the afternoon game between Portland and Venice. Van says this is going to be a regular party. Every rooter in town is invited.

Kane, batting for Decanniere, was passed with one out and Carlisle chased him to third with a single. Johnny scored on Leard's grounder to Davis, Carlisle taking third. Evans here relieved Rieger. Hogan, batting for Wilhoit, placed a slow grounder down to Davis, who whipped to the plate. Carlisle came in with great force, upsetting Great Gus, who never had a chance to get the ball on him. But for some reason, not entirely clear to the general public, Walter was called out. Leard was flagged stealing third.

Henley took hold at the beginning of the tenth, which left him just time enough to get locked before the second game started. A single by Kores and a triple by Evans did the dastardly business.

Evans came near getting his in the last half, when with one down, Borton doubled and McArdie walked. Martini then went in and substituted.

SECOND GAME.

Martini took a brief rest, and reappeared on the mound for the second game, which was mainly a personal matter between him and Doc White. The Tigers came near winning this game a couple of times. With Borton on third in the second, Bancroft bounced up in the air and glued one onto a liner by Elliott for a double play that retired the side.

In the fourth, Bayless was nailed trying to score from second on Elliott's single to center, Martini relieving Kane.

Nobody kicked when the game was called at the end of the fifth as things were running so fast and clammy.

rim of the Portland pit. A grounder by Kores took a funny slant past Leard, and Rodgers counted. Singles by Speas and Davis put two more across. Enter Decanniere. Rieger forced Davis at second. Leard tried for a double at first, but the ball arrived too late. Borton whizzed it along to Elliott, and appeared to nail Speas, who was scoring from second, but again we were overruled. Derrick forced Rieger.

MORE RUNS.

A scratch hit by Great Gus, his stolen base, and a grounder by Ryan, which rolled between Leard and Evans without encountering any opposition, put Portland one run to the good in the ninth. The Tigers again tied it up in the same inning, this having become a habit with them.

Lead, Not Law, Nearly Divorces Them.

Mr. and Mrs. Adolf Laughlin.

Principals in a sensational shooting in front of the Hall of Records yesterday. He is charged with having attempted to kill her as they came from the divorce court, where their case was postponed. Later in the day she got the decree.

Sensational.

HUSBAND'S BULLET ONLY HELPS WIFE TO DIVORCE.

WHAT the Sheriff's officers believe to have been a desperate effort to kill his wife in order to prevent her securing a divorce was frustrated for Adolf Laughlin yesterday. As they and witnesses were leaving the Hall of Records in the morning, owing to an adjournment, there was a brief altercation and Laughlin drew a revolver and fired. His wife's arm was slightly powder-burned. In the afternoon she was promptly granted the divorce asked.

Laughlin was brought from the County Jail into Judge Monroe's court yesterday afternoon as defendant in Mrs. Laughlin's suit. He was sullen, but a laugh twisted his dark features when a roomer testified he saw him kick his wife out of the house. Mrs. Laughlin had previously asked the court to grant her divorce. Laughlin had grabbed her by the shoulders and kicked her.

"How did you get that black mark on your face?" Judge Monroe asked Mrs. Laughlin. He had heard of Laughlin's attempt on his wife's life.

"He tried to shoot me today," she replied. After she left the stand, her counsel, Attorney Ernest E. Noon, indicated a chair near him. Mrs. Laughlin hesitated, glancing fearfully at her husband.

"You don't have to sit there after what has happened," the court remarked. She took a seat far removed from Laughlin. The court granted the divorce on the ground of cruelty.

RECOUNT ONLY GRANTED THEM.

KERN COUNTY POLITICIANS CARRY CASE TO COURT OF APPEAL.

An interesting question, involving some of the features of the primary election law, was the subject of an argument in the District Court of Appeal yesterday, in the action brought by L. L. Miller and Jerry Shields against the Superior Court of Kern county for an alternative writ of prohibition.

At the primary election held August 25, Mr. Miller was a candidate for the nomination for County Clerk and Mr. Shields for County Treasurer. The vote tallied September 11 showed Miller had received the highest vote for Clerk, among other contestants, and that Mr. Shields had won out for Treasurer. On September 13, the Board of County Supervisors canvassed the vote cast at the primary and approved the result.

On September 24, Redell Smith filed an affidavit of contest against Mr. Miller, and Arthur Webber filed a similar affidavit against Mr. Shields. Milton F. Farmer, judge of the Superior Court of Kern county, designated Howard A. Peairs and J. W. Mahon, also Superior Court judges, to recount the vote. An affidavit was filed showing that more than five days had intervened after the completion of the canvass and the beginning of the contest, but Judge Peairs and Mahon denied the plea in bar and abatement and ordered the counting to proceed.

It was alleged in the contest that a large number of voters were not permitted to exercise the right of franchise, because their names did not appear on the register, neither was the original affidavit of registration or duplicate in the office of the County Clerk, where they are required by law; it was also set out that a large number of voters who registered properly demanded the right to vote, but were denied for the reason above stated. It was estimated in the argument and in the position for the writ that at least 300 persons were thus prevented from voting.

It was also argued that every one of the voters disfranchised intended to vote for the contestants if they had been permitted to cast their ballots. Also that the deputy clerk lost or misplaced the original regular affidavits and the duplicates thereof, and that a large number of regular affidavits, together with the duplicates, bound in books were delivered to the contestants, and thereafter lost in the contestants' office, thus not allowing the voters an opportunity to vote.

The prayer of the petition is that

SOCIAL LEADER
DIES SUDDENLY.Midwick Secretary Warden
has Heart Attack.Country Club Postpones its

of Mexican Quarter.

(LOCAL CORRESPONDENCE.)

PASADENA, Oct. 8.—H. Page Warden, 45 years old, retired banker and prominent in exclusive social circles in Los Angeles and Pasadena, died suddenly at his home, Spring Farm, at Grand avenue and Madeline drive, yesterday afternoon shortly after 3:30 o'clock, from heart disease.

Though he had not been well for some time his death came as a great shock to his family and his friends, as his condition was not thought to be serious.

Soon after eating his lunch yesterday he complained of indigestion and telephoned his physician, who advised him what to do.

After taking the medicine prescribed he soon felt better. This did not last long, however, and he was soon suf-

fering so intensely from a pressure on the heart that the physician was summoned to his bedside, but Mr. Warden succumbed before the medical man could reach the house.

The Warden came here fifteen years ago from Sewickley, Pa., where he was a prominent banker.

SOCIAL FAVORITES.

The family has been closely identified with the social life of Pasadena. For several years Mrs. Warden has been at the head of the charity balls given each year.

Mr. Warden was secretary of the Midwick Country Club and during its existence was a prominent member of the Pasadena Country Club. Besides his widow who was with him when he died, he leaves his mother, a brother, John Warden of Pasadena, three sisters, Mrs. William Kerr of Sewickley, Pa.; Mrs. Osgood Tell of Westbury, L. I., and Mrs. Howard Dewa of this city. He was married a number of years ago to Miss Sara Meade of Wheeling, W. Va. The funeral will be held at the home, Saturday morning at 10:30 o'clock.

IMPROVING SLUMS.

After an investigation into conditions among the children in the Mexican slum district yesterday, three commissioners, R. L. Metcalf, A. L. Hamilton and W. B. Loughery, although admitting the undesirable conditions existing there declared that they were not so bad as they were last year and that they would still be improved when the Pacific Electric and Santa Fe Railroads erect new structures.

Little Mexican children attending the Raymond-Ritzman school are said to be half starved and cry for food, however, and he was soon suf-

fering so intensely from a pressure on the heart that the physician was summoned to his bedside, but Mr. Warden succumbed before the medical man could reach the house.

GRAPE CARNIVAL CROWDS.

(LOCAL CORRESPONDENCE.)

VENICE, Oct. 8.—Armed with confetti, grapes, serpentine horns and other noise makers, and with the Venice band at their head, hundreds of the younger set, from not only the beach society but from all parts of the clod, again captured Venice tonight.

Clad as harlequins, pierrots and pierrettes, yama-yama and other denizens of carnival land, they swarmed into cafe after cafe, and amusement after amusement, deluging everything with confetti, and literally taking possession of the resort.

From the Race Thru the Clouds, where the calloped made the music to the exposition building on the end of the pier, groups of costumed revelers ragged and tattered from 10 o'clock to the early morning hours, La Monica's band divided up into a dozen little ones, and provided harmony for the merry-making on every hand.

Queen Louise, after officially reviewing her subjects in their tun, at a late hour herself doffed the ermine and

Incognito joined the throng. She was recognized, however, and made to lead the long serpentine of her adherents through the resort.

Tomorrow evening is the night of the queen's ball, at which the beautiful queen a ballet spectacle of the vine, will be staged many spectacles both on a burlesque and beautiful order. The

Scoville School will present before the queen a ballet spectacle of the vine, in which many of the cleverest girl dancers of Los Angeles will star. Other attractions of the evening will range from pretty solo dances to laughable burlesques given by members of the local motion picture colonies, and others of the hundreds of clowns.

The exhibition of the vintage products is attracting the admiration of thousands. Much comment was caused by the gigantic golden goblet formed of a few millions of loose yellow champagne grapes glued to a form, shaped like a goblet. This display is a beautiful one, and stands among the best in the show. A picturesque pergola and arbor bench attract much attention, as does the huge vine basket filled to overflowing with purple fruit.

LONG BEACH, Oct. 8.—Discussing the inequality of the distribution of wealth, George E. Hobbs, director of the mint, addressed a banquet at the closing session of the convention of farm mort-

guage holders held at bottom committee appointed to study the question whether captains of industry should have a share in the ownership of the country or whether there would be more production under general distribution under ownership.

It is not intended to enter upon that question further than to refer in passing to the recent statement attributed to the Federal Reserve Board, that \$200,000,000 could be saved in putting the rural delivery of mail under a postal system, said the speaker.

Leffingwell said that the inequality of the distribution of the wealth of the country is a problem which has been before the development of new leaders and the inability of the old ones to keep the distribution of the wealth of the country in line with the needs of the people.
